

Frank
Lampoon's 2nd hand store
Chaofah Road, Chalong, Phuket

I met Liana a couple of years ago when I bought a pool in Phuket. Before I actually signed I voiced a few concerns about what I was buying and some changes I would like made. She listen well and followed through on all points. Since then she has followed up with after sales service and given any needed advise freely. She also personally checked up on my pool without needing to be asked when ever a problem arised.

Because of her ability to listen and follow through to get things done I believe she will do well in taking care of her clients in the property management.
